

Elizabeth Gingras

July 2017

I had the privilege of spending the last two months competing on home turf at Spruce Meadows for the CSI5* 'National,' 'Continental,' 'Pan American,' and 'North American' tournaments. It's incredible that we have four weeks of top international competition right here in our own backyards, and Spruce Meadows is to be commended for continuing to raise the bar year after year.

As some of you may have seen on my Facebook page, following my time at Spruce – and some difficult decisions – we have decided to stay in Canada for the remainder of the summer, rather than travel back to compete in Europe. While I am disappointed that I will not be competing alongside the Torrey Pines team for the rest of the summer, I wish everyone the best of luck, and owe a huge thank you to Eric Lamaze and Yann Candele for all of their support and the opportunities provided to me.

With that decision made, 'Team Lizzie' will instead head to Thunderbird Show Park in Langley, BC, for the CSI3* Summer Fort Classic running August 15-20 followed by the CSI3* Summer Fort Festival from August 22-27. From there, we'll head back to Spruce Meadows for the CSIO5* 'Masters' tournament, which kicks off on September 6.

I'm looking forward to using this time at home to get settled into our new house, as well as spending time with my family. I'll also be able to work with a physiotherapist on a regular basis to improve the condition of my back, which is a top priority when competing at the top level of the sport.

I hope to see many of you this summer, right here in Canada!

– Lizzie Gingras
