**Q: Do you have a favorite moment with Forest?**

**Marisa Malevitis:** There are actually two. One is when we moved up to our first low amateur class in Kentucky, and we were double clear. I had just bought him; that was a big moment for us together. The second would be more recently in Florida when we went double clear in a really competitive low amateur-owner Sunday classic. It was probably one of the best rounds that I've ever had in my life, and that day will stick with me for a long time. That's definitely a favorite moment of me and him.

**Q: If KT Forest were a human, what do you think he would be like?**

**Marisa:** I think he would be on the track team, and I think he would jump hurdles. That's a typical thing to say about a horse that jumps, but he literally could do it with his eyes closed. It's so easy for him. He'll jump the moon for you. Someone who jumps hurdles has to jump high, be fast, and keep up the stamina, and he's all of those things.
