### Vinni the Mini's Preparation for Summer Events

Assistant Trainer Leigha Schrader practicing liberty training with Vinni.

Vinni and DEFHR's Assistant Trainer Leigha Schrader attended a liberty training clinic earlier this month in preparation for an exciting summer of performances. They both honed their skills at liberty just in time for the local fairs. A huge thanks to Luke Gingerich for hosting the clinic and helping the pair get performance ready. In addition to attending local fairs, Vinni travels! If you are interested in having Vinni participate in an event or having him visit your workplace, he would love to help you out.

### Welcoming Campers Back to DEFHR

A year ago, we made the heart-breaking decision to close our Legacy Camp due to COVID-19. On June 14, we welcomed campers back for the first time and had a great day working with the horses. DEFHR offers two programs for horse-loving kids: Junior Legacy Camp for children 7 to 11 years of age and Youth Legacy Camp for youth and young adults 12 to 17 years of age. We are thrilled to once again share our horses and farm with the community and young horse lovers.

After its popularity last summer, we are continuing to offer Camp-in-a-Box this season for those unable to attend our camps in person. The subscription includes hands-on projects, DIY experiments, online videos, and exciting activities revolving around the horses we all care about. Over six weeks, campers engage in activities surrounding 'WE CARE' (Water - Erosion - Composting - Agriculture - Recycling - Ecology) and how caring for the environment also helps the horses. Each week, we'll explore new topics such as parts of the horse, their vital needs, and more.

#### "Transition Programs Protect Your Horse's Future"

Though DEFHR is nationally known for its rescue and rehabilitation efforts, not every horse at DEFHR was neglected or abused. Such is the case for Karisma, an 11-year-old OTTB that arrived at the farm through an equine transition program that helped rehome her when her owner passed away. Click the button below to read Karisma's story on Horse Network and to learn how equine transition programs are helpful for those that want to protect their horses' future.

### Featured Horse of the Month: Electra

Twenty-one-year-old Thoroughbred mare, 15.2hh

This pretty mare is an OTTB and great-granddaughter of Secretariat! At 21-years-old, Electra is looking for a retirement home and is available for adoption through our Guardian Program. She has her favorite itchy spots, loves being groomed, and gets along well with her herd mates.

For more information about Electra, the Guardian Program—a program that enables the caregiver to write off horse-related expenses for a tax deduction.
