## Palm Beach Equine Clinic Provides Exceptional Care as Official Veterinarian of 2022 WEF and AGDF

Palm Beach Equine Clinic (PBEC), an exceptional equine healthcare facility, will return as the Official Veterinarian of the 2022 Winter Equestrian Festival (WEF) and Adequan® Global Dressage Festival (AGDF) running through April 3, 2022, at the Palm Beach International Equestrian Center (PBIEC) and Equestrian Village in Wellington, FL. PBEC also provides Official Veterinarian services for the 2022 season at the International Polo Club Palm Beach.

Palm Beach Equine Clinic is celebrating its 40th anniversary of providing top equine health care to both the year-round residents as well as horses coming for the winter season. The state-of-the-art facility is located at the intersection of Southfields and Pierson Roads in the center of Wellington, right down the road from PBIEC, the Equestrian Village, and the International Polo Club Palm Beach.

The team at Palm Beach Equine Clinic includes more than 35 veterinarians and provides expertise in almost all areas of equine health and treatment. Palm Beach Equine Clinic offers specialized sports medicine with trusted veterinarians and staff that understand the commitment it takes to care for a high-level equine competitor. The talented team offers a wide variety of services such as internal medicine, emergency care, reproduction and fertility, alternative medicine, regenerative medicine, dentistry, podiatry, and more.

Palm Beach Equine Clinic provides cutting-edge technology paired with knowledgeable and dedicated staff. The facility offers advanced diagnostic imaging with board-certified radiologists on staff as well as surgical services with three board-certified surgeons. Additionally, all primary veterinarians can refer clients to Palm Beach Equine Clinic for their innovative imaging technologies and surgical center.

In addition to the full-service equine clinic, Palm Beach Equine Clinic veterinarians will be on the showgrounds at the annex office located adjacent to the WEF stabling office on the PBIEC showgrounds. Palm Beach Equine Clinic veterinarians will be onsite daily during WEF and AGDF to assist all competing horses throughout the shows with performance evaluations, diagnostics, and treatments, as well as emergency care and standard horse care needs.

"It's always an honor to take care of the best horses in the world that come to Wellington each winter," said Palm Beach Equine Clinic President Dr. Scott Swerdlin. "Being on-site at the showgrounds really allows us to provide high-quality and immediate veterinary care for all of the horses competing."

Offering exceptional knowledge, capabilities, and commitment, the team at Palm Beach Equine Clinic is thrilled to once again help equine athletes perform to the best of their abilities during the Wellington winter show season and beyond.

## Congratulations to the ESP Holiday Series Winners
