

The Official Barn Management Software of US Equestrian

BarnManager Horse Health Series: Understanding Equine Ulcers
Equine ulcers are a common concern for horse owners. In order to effectively treat and prevent equine ulcers, it is important for owners, managers, riders, and grooms to understand the types, symptoms, and causes. Keep reading to find out more about equine ulcers courtesy of Palm Beach Equine Clinic in Wellington, FL.

What are equine ulcers?
 Equine ulcers are sores that form on the stomach lining of a horse. They can be broken down into three categories: gastric ulcer disease of the squamous mucosa, gastric ulceration of the glandular mucosa, and colon ulcers of the right dorsal colon.

Equine gastric ulcer disease of the squamous mucosa refers to ulcers found on the stomach's inner lining and are mainly caused by exposure to stomach acid. This type of ulcer is often seen in performance horses due to exercise and abdominal pressure.

Gastric ulceration of the glandular mucosa is often found on the stomach lining around the pyloric region closer to the intestines. Ulcers found here are typically caused by stress.

Similarly, the last type of equine ulcer, which is found in the colon, is also mainly due to stress.

Save Time on Invoicing With BarnManager Pro Horse Network

Equestrian business owners are always looking for ways to save time and energy, especially when it comes to management tasks such as scheduling, billing, and invoicing.

In 2012, lifelong equestrian Nicole Lakin created BarnManager, the leading online management system for barns, to help equestrians simplify their business. In September 2022, a new Pro version was launched with innovative new features to take barn management to the next level.

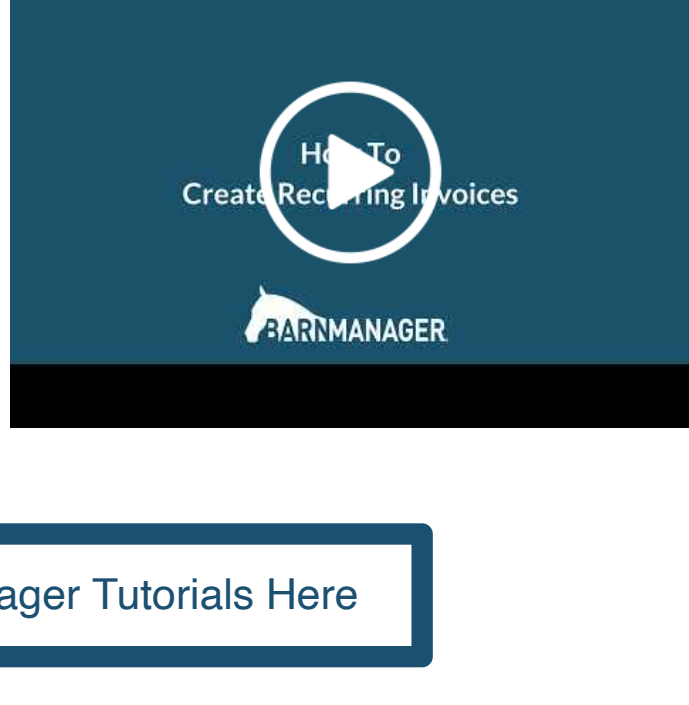

A significant new tool in BarnManager Pro is the ability to help users with the financial side of their business. BarnManager Pro streamlines the invoicing process, gives users the option of linking with QuickBooks online, allows users to keep track of revenue, and safeguards payment transactions.
