Women In Business Spectacular

JULY 12-16, 2023
STILLWATER, NY

Saratoga Horse Shows hosted the Women In Business Spectacular, held in collaboration with Equestrian Businesswomen, which offered a wide variety of educational opportunities for exhibitors, spectators, and riders alongside the competition itself. The Women In Business Spectacular is unique in that it is run by an all-female staff including jump crew, in-gate, office staff, course designers, and judges. This year, the show featured World Championship Hunter Rider competition for the first time and the educational opportunities for attendees included a US Equestrian panel discussion as well as additional equestrian businesswomen speakers eager to share their perspectives.
